

**COLLNET JOURNAL OF SCIENTOMETRICS
AND
INFORMATION MANAGEMENT
INDEX OF VOLUME 18 (2024)**

Number 1, June

From the Editor's Desk	1–2
Report on 17 th International Conference on Webometrics, Informetrics, and Scientometrics (WIS) & 22 nd COLLNET Meeting 2023 D. Begum and B. Markscheffel	3–10
Global evolution of nanotechnology research with special emphasis on health sciences : A bibliometric approach M. Idhris, A. Pattukuthu, M. Peter, S. A. Samuel, A. J. Pottachola and H. P. Devasagayam	11–21
Bibliometric approach to “applications of response surface methodology (RSM) publications” and its review as the most widely used optimization tool D. H. Itam, I. T. Horsfall, E. C. Martin and I. J. Abam	23–43
Knowledge domain analysis of artificial intelligence in automation and control systems M. Y. Tsay, Y. W. Tseng and J. H. Lin	45–61
Artificial intelligence research in sub-Saharan Africa : Bibliometric review and a case analysis of Mauritius contributions S. Moosun, M. Madhou, D. N. M. Nagowah, B. N. Khodabux and S. A. P. Ramen	63–81
Bibliometric analysis of gender-specific aspects of publication behavior at Technical University Ilmenau B. Markscheffel and S. Fischer	83–100
Evaluating patent technology transfer potential : A predictive model based on citation network analysis X. Yi, L. Jing, L. Shuying, X. Jing and Z. Xian	101–109

Number 2, December

Obituary : Hildrun Kretschmer (1947–2024)	111–112
---	---------

Reflecting on COLLNET 2024 - A legacy for Hildrun Kretschmer : Insights from the 18th International WIS Conference in Strasbourg	113–118
B. Markscheffel, J. C. Lamirel and P. K. Jain	
How research funding AMPS up citations and science diffusion : Insights from Nobel laureates in physics and physiology	119–135
M. Coccia, M. Rajabzadeh and S. Roshani	
Research on exoplanets : A bibliometric study of a new research frontier	137–154
X. Hu, Z. Ye, F. Xi, X. Li and R. Rousseau	
Mapping the Indian landscape of nanodrug delivery for cancer treatment : A bibliometric analysis	155–178
M. K. Singh	
Visualizing intellectual patterns in LIS research : A bibliometric mapping based on major LIS Journals that are intersecting with computer science	179–196
M. Damar, J. K. Pal, T. Dhar, J. Haines and G. Özdağoglu	
Index of Volume 18 (2024)	197-198
