FOREWORD

We are thrilled to introduce to you a special issue of an esteemed journal dedicated to the remarkable 7th International Conference on Advances in Global Business, Economics, Finance, and Social Sciences (ICAGBEFSS) 2022.

ICAGBEFSS 2022 brought together a diverse and dynamic community of scholars, researchers, practitioners, and industry experts from around the globe. The conference served as a prominent platform for interdisciplinary discussions, knowledge exchange, and the exploration of groundbreaking advancements in the fields of business, economics, finance, and social sciences. It witnessed a remarkable fusion of innovative ideas, cutting-edge research, and practical applications, thereby shaping the future of these vital disciplines.

We received more than 100 research papers out of which 29 papers have finally been selected for publication in this special issue.

Now, with this special issue, we aim to capture and disseminate the wealth of knowledge generated during ICAGBEFSS 2022. This special issue will showcase the most impactful and insightful papers presented at the conference, further enriching our understanding of the key challenges and opportunities in the global business landscape.

Guest editors would like to thank Mr. Rupesh Gupta, Director, Taru Publications who supported us in bringing out this special issue of *Journal of Statistics & Management Systems*.

We are hopeful that all the readers who will be reading the articles will enjoy and learn from the plethora of papers that we have presented for them.
